PT. TEKNOLOGI INOVASI LABS

MEMBER OF TSR GROUP

**As our initial TIL also known as
"Today I learned",
which reflects to our core value; always learn
something new through Technology & Innovation**

PT TEKNOLOGI INOVASI LABS

Technology Innovation Labs, or in short, which we call ourselves as TILabs. Derives from the well-known abbreviation 'TIL', which is 'Today I Learned'. Reason why we call ourselves that is because it reflects one of our core values, which is that for us, the exploration of new technology and innovations never stops.

TILabs is a software & analytics company that provides the best innovative technology solution in the country. We specialize in building ERP (Enterprise Resource Planning) systems for both B2B & B2C companies. Our approach has been proven from our past clients that it successfully increased their sales, reduced their cost, and improved their overall business efficiency.

PT TEKNOLOGI INOVASI LABS

We don't stop there. We also provide analytics solutions to our clients using cutting-edge machine learning & big data technology, where we help our clients discover new opportunities that they have not explored yet. In short, we help companies unlock their true potential.

We strongly believe that each software product should have its own life. Just like you, we're not satisfied with merely existing, we grab onto exciting ideas and make them a reality.

WHAT MAKES TILabs DIFFERENT?

- **BEST SOLUTION**
Each of our solutions is configurable and customizable according to your business structure, category, goals, and unique requirements.
- **INNOVATIVE**
We keep on innovating by updating & developing our systems, providing new solutions for more industries.
- **IT CONSULTING**
We help you transform your business to enhance performance, effectiveness, efficiency & resilience.
- **RELIABLE TEAM**
Our team consists of in-house business & tech experts who happily provide full support for our clients.

TILabs JOURNEY

It has been 2 years that we are in this market and we can proudly say that we are one of the best in our field.

We have our offices spread all over the major cities in Indonesia, such as Jakarta, Balikpapan, Samarinda and Makassar to name a few. Managing up to 8 companies that have multiple branches for each, we are just getting started.

We started in 2019 with the mission of bringing the benefits of automation solutions to enterprises.

During our journey we have served various industries in Jakarta, Balikpapan, Samarinda & Makassar while constantly bring innovation to our system

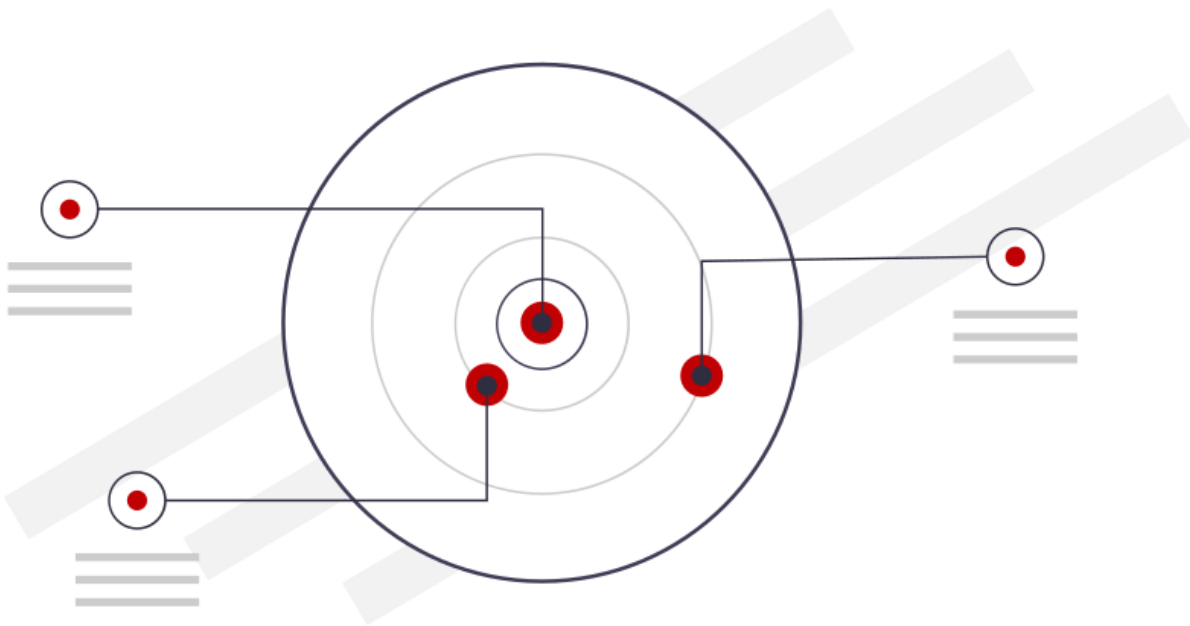

We have also expanded our company to Malaysia and served even more companies

TILabs GOALS

Our priority is providing the best ERP solution to our clients that allows them to increase their productivity and make a better decision for the business.

We intend to continue to focus on research and product development to ensure that our products meet the market rapid change and expand further to other countries in South East Asia
